

Catholic Health Training Institute

South Sudan still has the **highest maternal mortality rate** in the world. One of the causes is the **lack of qualified health personnel**

SWSS Response: CHTI PROJECT

Catholic Health Training Institute (CHTI), based in Wau, is working to **train certified health professionals**, to protect the health of the South Sudanese population, with a special focus on women and children.

● Nurses F
 ● Nurses M
 ● Midwives F
 ● Midwives M

500

Nurses (311) and Midwives (189) graduated at CHTI

Every year, CHTI trains nurses and midwives from different tribes and parts of the country. After a three-year course, they will receive a nationally recognised certificate to work in all the health facilities of South Sudan.

of all graduates are women

38%

The presence of female personnel enhances women's access to health services.

42%

of the students currently attending CHTI are women

Solidarity works each year to increase the percentage of female students enrolling at CHTI.

of all graduates works in the health facilities of South Sudan

90%

CHTI is regarded as one of the best training institutes for health personnel in the country.

Every year, 2 graduated are sponsored for further studies at university

Women promote change in the country

Providing professional training to **women** in a multicultural context promotes their **empowerment** and knowledge of their **rights**, and fosters the spread of a culture of **peaceful coexistence**, **exchange** and **unity among the South Sudanese people**.

Sustainable Development Goals

CHTI project
contributes to
